The George Washington cannot tell a lie—it is waiting with steam up to bring President Wilson back home.

Washington county has got to raise \$1,142,700 in this fifth Liberty loan. Of course it can do the job.

It was the usual German government bluff to threaten to send merely couriers to the Versailles peace congress. The call for a showdown revealed nothing back of the bluff.

Good old-fashioned spanking has been tried out in a juvenile court in Portland, Me., with good results, it is said. The same form of punishment would fit many cases in juvenile courts in other places.

The world is not yet informed who the German delegates to the peace conference will be—but, of course, there are former Count Von Bernstorff, Boy-ed, Herr William Hohenzollern, Anton H. Appellmann and others from which to choose.

The chief incubating center for presidential boomlets appears to be in West Virginia, where a Democrat and a Republican are being nurtured for the honor. This in spite of the fact that West Virginia, under no stretch of the imagination, could be considered a pivotal state.

Tell it broadcast that there are so few male inmates in the Vermont house of correction that the important industrial activity in which prison labor is employed has been compelled to suspend operations until Nov. 1, 1919, or until such time as the institution fills up enough to supply the necessary labor. There are only 90 men in the house of correction and a considerable number of them are needed to carry on the routine work of the institution so that there are not enough men left to continue the shirt factory. Vermont criminality appears to be at a rather low ebb just at the present time.

## THE WONDERFUL RECOVERY OF THE TELEPHONE SYSTEM.

Never perhaps did the recovery from a strike come more rapidly than it came following the announcement of the settlement of the strike of the employees of the New England Telephone & Telegraph Co. Only slightly more than 24 hours after the announcement was received the system of the New England company was again in complete working order and things are going along as if nothing had happened; indeed, that might have been said of the service within two hours of the resumption of work by the plant departments and the girl operators, so swiftly did the employees fall into their routines and so well kept was the mechanical equipment of the great system. The situation speaks well for the good mechanical foundation of the concern and for the efficiency of the human element engaged in the service, while perhaps not a little credit should be given to the loyalty of many of the employees in seeing to it that everything about the mechanical plants was placed in good shape before the employees went out on strike, the batteries being charged just before the men quit work and other things being put into shipshape. The New England Telephone & Telegraph Co. is sometimes subjected to criticism, but it must be confessed that it has got a splendid working organization taken

Don't get caught in the jam.

Come before the Saturday night rush.

Our new spring clothing for your boys is all ready now for your critical inspection, and we don't hesitate to say that the show is worth your time to see.

Lots of novelties in patterns, colors and models.

Our time is yours.

as a whole. If it had not been for that condition it would not have been possible for the service to have recovered so swiftly from the depression incident to a strike. We believe this is in large part due to the acumen of the responsible heads of departments rather than to government control; and those heads of departments are men who were trained in the regime of private ownership and control.

If You Want to Make a Change from Coffee consider the All-American table beverage so many former Coffee drinkers now use—

**INSTANT POSTUM**

It has a decidedly coffee-like aroma, taste and appearance, but contains no caffeine. Consequently those with whom coffee disagrees find the new drink free from all coffee objections.

## CITY TO COLLECT RUBBISH AGAIN

(Continued from first page.)

Main street 18 by 100 feet back of their present structure, the sides of the building to be covered with iron and the roof to be of fire-resisting material.

Charles Zanleoni's application for an innkeeper's license at 241 North Main street was referred to the license committee to investigate and report. Alex. Milne was granted permission to move an office building nearer Circle street if the location is satisfactory to the building inspector. T. C. McCarthy was granted a pool table license at 107 South

Main street. A letter was read from Lyman W. Whitcomb, an ensign in the navy, thanking the city for the Barre service medal.

## Smashed Street Lights.

Exhibit A presented to the council was in the shape of two battered street lights and two stones which were more than pebbles and a trifle short of bottom bases, the claim being that the said stones were buried with malicious intent against the two inoffensive lights with results that were disastrous to property and wearing—decidedly wearing—to the patience of the Montpelier & Barre Light & Power Co. One of the lights came from the South Main street bridge and the other from North Main street in the vicinity of Second. These exhibits represent the tangible evidence of depredations of this sort that have been committed off and on for a long time; and the council is getting about

as frayed out as to nerves over the matter as is the lighting company. Steps are to be taken to prevent a recurrence, it is expected.

The following bills were ordered paid: Street payroll, \$354.74; engineering payroll, \$42.33; water payroll, \$104.08; fire payroll, \$152.23; police payroll, \$113.01; assessors' payroll, \$72; janitor, \$16; social worker, \$18.02; Martin Riley, cash paid out, \$2.18; Henry Alexander, alderman's salary for three months, \$106.80.

## It May Seem A Trivial Thing to You

—the paying of each little individual account by check, but many men have found in the use of a check account the leverage that lifts to a larger prosperity. We all realize that it is not what we earn but what we save that helps us to get ahead. A check account furnishes you an itemized record of your income and outgo—that shows you where and how you can save money.

## Found Something Good and Stuck To It

This is the way W. A. Cooley of East Montpelier, Vt., expressed himself the other day. He says: "I suffered with bladder troubles for a year or more and I got so bad I had to get up five or six times during the night. I finally heard of Goldine and that it was good for kidney trouble so I thought I would give it a chance and see what it could do for me. I had only been taking the medicine a few days when I noticed a great change in me. Now since taking Goldine I don't have to get up nearly so often at night and I feel better in every way. I think Goldine is a wonderful medicine and I am going on with it. When

I find something good I usually stick to it." Ask John Mackin what he thinks of GOLDINE.

Goldine is sold in Barre by Cummings & Lewis and all leading dealers throughout this section, including the towns of East Barre, S. Barre, Westerville, Grantsville, Williams-town, Washington, W. Topham and Brookfield.—Adv.

John Mackin

## Finish the Job!

Barre has taken her quota of each Liberty Loan thus far floated. We are now asked to take \$300,000 of Victory Bonds. Our duty in this matter is clear. Barre must not fail to finish the job.

**They Gave Their Lives  
We Only Lend Our Money.**

During previous campaigns, patriotic citizens and workers neglected their private business and gave of their time and energy on committees which canvassed the entire city. It seems unfair that we should ask them to conduct another campaign. Therefore, an attempt is to be made to raise the Fifth Loan by this final appeal to the patriotism of our citizens.

Please go to your bank and enter your subscription without delay. Payments can be made as in previous loans.
